

TEAM-ORDER WORKSHEET

How to use it: one row per player. Collect one clear photo (face visible, good light, no heavy filters) plus name, team and jersey number — everything else is optional but makes the card backs personal. Run each player through the builder at baseball.scribblybooks.com (free preview in ~20 seconds), approve the art, order with your shared team code. **10+ packs on one code = 20% off for everyone.**
